

# Allies to Abolish ICE and for Open Borders

**George Soros**

**Jamie Dimon**

**AOC**

Billionaire liberal philanthropist George Soros spends millions funding campaigns that promote open borders.<sup>1</sup>

Big banks, like Jamie Dimon's JPMorgan Chase, refuse financing to American businesses that assist ICE in fulfilling our immigration laws, jeopardizing border security and the safety of our neighborhoods.<sup>2</sup>

Progressive politicians including Alexandria Ocasio-Cortez are fighting to abolish ICE and leave our borders unsecure.<sup>3</sup>

**Congress: It's time for woke banks, politicians, and billionaires to stop targeting and discriminating against lawful businesses that assist ICE with keeping our borders secure, and America safe.**
